HANDLES
BROCHURE
2025

The background image is a high-contrast, artistic composition. It features several gold-colored mechanical components, possibly fiber optic connectors or switches, arranged on a dark, textured surface that resembles cracked stone or wet pavement. The components include rectangular blocks with gold bands, cylindrical pieces, and a circular base with a central gold knob. Numerous thin, gold-colored fiber optic cables are scattered across the scene, some bundled together and others fanning out. The lighting is dramatic, highlighting the metallic sheen of the components against the dark, reflective background.
